

Office of the Secretary
Federal Communications Commission
Washington, DC 20554

March 6, 2013

RE:

ET Docket No. 03-137

WT Docket No. 12-357

To whom it may concern:

I am writing to ask the FCC to please update its RF safety guidelines in order to comply with its proposal “to amend its rules to ‘ensure that the public is appropriately protected from any potential adverse effects from RF exposure.’”

I am a graduate student and am researching the biological effects of EMFs on human health.

Please do the right thing.

Sincerely,

Michelle Ramier
